

Family Council All Member Meeting

Family Council Members

Date: Wednesday, October 25th, 6:00pm – 7:30pm

Notes

1. Presentations

Notes: Alicia started the meeting with housekeeping and letting members know about the available interpretation, also with member introductions, and an icebreaker where members were asked what is the most clever costume they have seen.

2. Community agreements

Notes: Alicia presented members with the group agreements they talked about during the last Family Council meeting. Members agreed on the new group agreements.

3. CQI

Notes: Alicia presented members with the CQI (Continuous Quality Improvement) model and explained the cycle of CQI. She then explained the CQI planning, and how we are going to use it in our work.

- Alicia then reminded members of the final recommendations they agreed they wanted to work on, which include universal awareness and affordability. Members then shared takeaways and ideas from the last work groups.
- Alicia asked members in how long do they think something like this is achievable, long term, short term?
- Some members said that it could take six months to a year.
- Members shared some ideas of what could be done to accomplish the goals for the recommendations.

Alicia asked who they think would be a critical partner to have as we build these community events.

- Members shared their ideas.

4. Review of the Working Groups

Notes: Alicia let members know the dates and times for the next work group meetings, and for Family Council.

5. Updates/Next steps

Notes: Alicia let members know that office hours will be offered to give them an opportunity to meet with the team and ask questions. Some office hours will be in person, others will be virtual.

- Alicia let members know what we will be revisiting our SMART goals during the next meeting.

Before next meeting...

- Review Items in Action Council Google Drive
 - Review Group agreements
 - Review CQI Handout
- Look over the Jamboard we worked on
- Fill out the Google Form – Action Plan Input Survey
