Council members absent: Carla, Fawn, Alice

Notes:

- Reviewed Action Plan
 - Reviewed narrative for Regional Need
 - Reviewed qualitative data and quantitative data
 - Goals that needed to be achieved –
 - Terminal goal – create a database to contain all information for resources for families, teachers, professionals, school administrators, etc.
 - Sub goals –
 - Reviewed SMART goals to ensure they meet requirements
 - Discussed Proposed Solutions
 - Look outside Region for available resources that are accessible
 - All programs have access to a trauma-informed curriculum and use it with fidelity
 - Data tracking
 - See if referrals are increasing/decreasing, etc; tier 1 & tier 2 documentation
 - Universal screener
 - Amt of time spent out of classroom, amt of time spent out of daycare
 - Trauma trained facility is drastically different in response – teacher goes with student rather than a non-trauma trained facility removing the child
 - Funding
 - Lack of formal collaborations in region even though organizations are working together
 - Pre-K's embedded into a school district – increasing collaboration with EC and grade school in regards to IEP students, special education, etc.
 - Fundraisers
 - .gov sites had an option to view “hub”
 - Live screen recording on how to get to the training, website, etc.

- Illinois Children’s Mental Health partnership may be a good connection –
icmhp.org
- Participation –
 - Already included in SMART goals
 - “incentives” like other orgs are providing
 - On demand trainings
 - Administration needs to make it a priority
 - Focusing on social/emotional will only improve academics
- Next steps:
 - Focus on rounding out SMART Goals

Before next meeting...

- Send follow-up email with notes, next meeting reminders, and any extra reminders as needed
