2. Guest Speaker: Scott Jones from United Way of Central Illinois spoke about United Way and 211. Provided the 211 flyers and handouts.
  - a. Notes: Scott spoke about what the 211 database is and how community members can call anytime. Scott shared how 211 is a 24/7 service to get information on the resources available in the area the caller is looking for at that time. There is also a website for the 211 database of resources if individuals would prefer to use that platform instead. United Way does have flyers and 211 cards available to share with friends and family to help spread the word about this resource. He also shared how agencies can get into the PATH 211 system by filling out a paper form and turning it in at the United Way office or by going to the Submit a new agency form online through the PATH 211 website.
3. Reviewed the Action Plans for Recommendations Three. Gave the Council members 15 minutes to proof and make edits. Asked if they had questions about the Action Plan.
  - a. Notes: Ashley went over the Action Plan for Recommendation Three and provided them with an update on what the workgroup came up with for the Action Plan. Family Council members looked over the Action Plan for Recommendation Three and felt no edits were needed. Family Council members asked how they could help with getting more agency resources/services into the database. They were encouraged to share with agencies they may have utilized or feel would benefit people in the community and be part of the database. Once the Councils get the master list of who is in the database, we can see if they can identify other agencies to ask about signing up to get into the database.
4. Did a team building activity with the Council members, "Listening Activity".
5. Opportunity for overall questions and no questions were posed.
